

## **The Compassionate Friends Scottish Forum – Perth 2008 10<sup>th</sup> Anniversary**

### **Our Special Time Together**

**Dear Friends**

**By now you will have access to the booking information for the forthcoming Scottish Forum in May.**

**This is to let you know a special balloon release event is being arranged and will be taking place in the grounds of Scone Palace on the Saturday afternoon (10th May) in memory of all our children. A balloon release is a positive way to acknowledge your loss and watching it float upwards with your message of love can be powerfully symbolic.**

**Please come along to the Scottish Forum in May and take part in this special time together.**

**As always you will be made most welcome.**

**Hugh McAninch

***You never completely say good-bye to a person who has died if you carry them with you in your heart and in your memories***
